HM-ET Binder

MICROBIOME AND DETOX SUPPORT

KEY BENEFITS

- Detoxification Support*
- Gut Terrain Support*
- Immune Support*

PRODUCT DESCRIPTION

HM-ET Binder supports the body's natural ability to detoxify and encourages cellular repair.* With the addition of Carbon Technology, it lends increased support to mitochondrial health, immunity, energy production, and long-term health.*

HM-ET Binder is primarily designed for clients who are in the intermediate stages of promoting detoxification.* Because of this, HM-ET Binder is typically recommended after a client has already introduced BioToxin Binder and ViRadChem Binder to their routine.

Formulated with Carbon Technology

Carbon Technology is a proprietary blend of fulvic acids, humic acids, and polysaccharides that support cellular repair and the body's natural ability to detoxify.* With a low pH, Carbon Technology also helps protect ingredients from being digested by stomach acid, so that they remain intact as they enter the desired location in the body.

CT-Iodine

ENERGY & DETOX SUPPORT

KEY BENEFITS

- Provides both the iodine and iodide forms of the mineral in the optimal ratios and amounts
- Travels protected in the body to deliver iodine in the needed form to specific body tissues
- Includes Carbon Technology to bind and remove toxins that occupy iodine receptors

PRODUCT DESCRIPTION

CT-Iodine provides support for the thyroid gland and whole body with a combination of iodine and iodide.

Research suggests certain parts of the body use these different forms of iodine preferentially. For example, iodide may be the ideal form for the thyroid gland, but iodine may be preferred for breast health. A supplement that provides both forms of iodine offers broader support.

LABEL INFORMATION

Directions: Take 1 tablet once daily or as otherwise directed by a healthcare practitioner.

§ This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

The Carbon Technology in the product helps protect and deliver the iodine in the needed form in the body.

At the same time, the Carbon Technology binds and removes unwanted halogens, such as bromine and fluoride. These can interfere with iodine uptake, so removing them is essential for optimal iodine status.

CT-Minerals

WHOLE BODY SUPPORT

KEY BENEFITS

- Detoxification Support
- Gut Terrain Support
- Immune Support

PRODUCT DESCRIPTION

CT-Minerals is a liquid supplement that provides minerals derived from fulvic acid. Sourced from the soil and decomposed plant life, these naturally occurring minerals are typically easier for the body to digest, absorb, and utilize.

This bioavailable formula supports cellular repair and immunity, nourishes tissues, promotes energy production, and enhances mental clarity. Fulvic acid may also increase nutrient absorption from food,

which supports microbial diversity and a balanced gut microbiome.

Considering that minerals are the backbone of what the body is made of – and modern day farming practices deplete our soil of essential vitamins and minerals – CT-Minerals are helpful for any client to meet their body's needs when minerals are lacking in diet alone.
