

Advanced TUDCA

DRAINAGE & LIVER SUPPORT*

KEY BENEFITS

- Encourages healthy bile production*
- Helps normal liver and digestive function*
- Supports Phase I and II liver detox and Phase III liver drainage*

PRODUCT DESCRIPTION

TUDCA (tauroursodeoxycholic acid) is a water-soluble bile acid that activates the release of bile into the gut, promoting natural detoxification processes in the body.* Although TUDCA is naturally found and produced by the body, it is only present in trace amounts.

CellCore's Advanced TUDCA combines TUDCA with Carbon Technology's humic and fulvic acid extracts, melatonin, and N-acetyl cysteine (NAC) to help stimulate the essential bile movement within the body.* This mobilization increases the production

LABEL INFORMATION

Directions: Take 1 capsule twice daily or as otherwise directed by a healthcare practitioner.

WARNING: Please consult your healthcare practitioner before use if you are pregnant, breastfeeding, or considering use for a child.

KEEP OUT OF REACH OF CHILDREN.

and quality of the bile, which helps support healthy digestion and drainage, liver bile duct health, and regular immune function.*

Carbon Technology also boosts TUDCA's ability and efficacy to work systematically throughout the body while melatonin serves as a driver to help deliver the product into target areas, particularly the liver; however, in this formulation, melatonin will not cause sleepiness.* Finally, NAC helps further the body's natural detoxification efforts and replenish glutathione levels.*

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 60

Amount Per Serving

Proprietary Blend	356 mg*
TUDCA (Tauroursodeoxycholic Acid), N-Acetyl Cysteine, Melatonin, Fulvic Acid	

*Daily Value not established.

Other ingredients: HPMC (Capsule), Stearic Acid, Polysaccharides.
