CT-Minerals		10 in water		10 in water	
BC-ATP		2		2	
ViRadChem Binder		2		2	

= drops = capsules

Dosage charts included

WHAT'S INCLUDED

CT-Minerals

A liquid supplement that provides minerals derived from fulvic acid. Sourced from the soil and decomposed plant life, these naturally occurring minerals are typically easier for the body to digest, absorb, and utilize. This bioavailable formula enhances mental clarity, nourishes tissues, promotes energy production, and supports cellular repair and immunity.*

BC-ATP

The highly charged organic acids support metabolism and the ATP cycle in being at peak efficiency.* These carbons also assist in the body's natural detoxification processes, contribute to a balanced gut microbiome, promote cellular renewal, and support immune health.*

ViRadChem Binder

Promotes the body's natural ability to detoxify while supporting cellular repair.* Acai, artichoke leaf, broccoli leaf, and wheatgrass are added to lend increased support to the body's free radical scavenging systems.*
